

Schedule: Complex Adaptive Systems, 2019-2020-Q4,

Version: 2020-04-15

21/04 15:30h, M. Rauterberg Complex Adaptive Systems introduction

23/04 10:45h, M. Rauterberg Complex Adaptive Systems introduction

28/04 L. Feijs, Cellular Automata,

30/04, F. Delbressine, Linear systems, Heisenberg uncertainty, EPR, Braitenberg vehicles, CAS Movies & literature

07/05, F. Delbressine, Linear systems, Heisenberg uncertainty, EPR, Braitenberg vehicles, CAS Movies & literature.

12/05, F. Delbressine, Multi agent simulations tools. - NetLogo (Simulink, SimEvents)

14/05, L. Feijs, Cellular Automata

19/05, L. Feijs, Oscillators

26/05

- work on the final deliverables

28/05

- Midterm presentations

04/06

- work on the final deliverables

11/06

- work on the final deliverables

16/06

- work on the final deliverables

18/06

- **Final presentations**
