

# Algorithms and Data Structures Exercises

DG200 team (contribution Loe Feijs)

Technische Universiteit  
**Eindhoven**  
University of Technology

**Where innovation starts**

# Exercises on searching

- Study and run the searching demo
- Do it yourself
  - find the lowest tower
- Food for thought
  - can you find the median?

# Exercises on sorting

- Study and run the sorting demo
- Do it yourself
  - insertion sort
  - e.g. read wikipedia, insertion sort
- Food for thought
  - now can you find the median?
